Professional Summary

Passionate Computer Science Engineering student specializing in DevOps and Cloud Computing with hands-on experience in AWS, Docker, CI/CD pipelines, deployment automation, and Linux environments. Skilled in building scalable cloud-based solutions and continuously improving infrastructure automation knowledge through practical real-world projects. Actively exploring Kubernetes, Terraform, and cloud-native deployment practices.

Technical Skills

Programming	Python, C++, HTML, CSS, JavaScript
Cloud Platforms	AWS (EC2, IAM, Lambda, S3, EBS)
DevOps Tools	Docker, CI/CD, GitHub Actions
Version Control	Git, GitHub
Operating Systems	Linux
Currently Learning	Kubernetes, Terraform

Projects

End-to-End CI/CD Pipeline with Flask | DevOps & Cloud

- Built and deployed a production-style Flask application using AWS services and Docker containers.
- Automated build and deployment workflows using CI/CD pipelines to reduce manual deployment effort.
- Improved deployment consistency and streamlined application delivery processes.

AWS Cost Optimization Project | DevOps & Cloud

- Developed an automated AWS Lambda solution for identifying and deleting unused EBS snapshots.
- Optimized cloud storage utilization and reduced unnecessary AWS infrastructure costs.
- Implemented automation logic using Python and AWS cloud services.

Go CLI Calculator App with Multistage Docker Builds

- Created a lightweight Go-based calculator application for command-line usage.
- Implemented multi-stage Docker builds for optimized and smaller production-ready images.
- Built secure minimal containers using the ultra-lightweight scratch image.

Kubernetes & Container Learning Labs

- Practiced container orchestration concepts using Kubernetes and Docker environments.
- Worked on Linux-based cloud deployment workflows and infrastructure automation basics.
- Exploring scalable deployment techniques and cloud-native application practices.

Education

B.E. CSE (DevOps Specialization)	Chandigarh University	2023 - 2027	CGPA: 7.76
Intermediate (CBSE)	Jusco School South Park, Jharkhand	2022 - 2023	65%
Matriculation (CICSE)	Kerala Public School, Jharkhand	2020 - 2021	84.6%

Certifications & Achievements

- AWS Academy Graduate Certification
- Certification in Event Management - Bihar Chapter
- Participated in Event Management and Modelling Activities at Chandigarh University

Interpersonal Skills

Teamwork • Leadership • Communication • Networking • Patience

Interests

Photography • Researching • Event Management • Surfing Internet
